I got your fax. Thank you very, very much. I will do what I can to keep you in the loop. Ask Jim Hanchett. He testified for me last week!

Hi Aaron-

I faxed the discovery packet to you earlier today - did you receive it?

Please keep me informed if it is going forward (when you know) as I received a summons today for case district case in Springfield the same day. I told that ADA about your case, but depending on when you would need me I might be able to do the district in the morning and then get to Fall River by mid/late afternoon. And along those lines, I already had a case scheduled for March 23, 2011, so if you are going to need me to testify I would need to get on the stand on the 22nd (or possibly 1st thing in the morning on the 23rd). It takes a couple hours for me to get to Fall River from the lab, and I'm assuming that you will not need me until the afternoon due to jury selection, etc., so if you wanted to have me on call that would be fine, but the earlier I know the better. As for needing a summons, it is nice to have documentation, but not 100% necessary. If you do decide to send me one, the best (and easiest) way is just to fax it to the lab at 413-545-2608 instead of sending it through the mail. Thanks.

-Sonja

Sonja Farak
Drug Analysis Lab

Hi Sonja,

I am prosecuting the case associated with the drug cert number referenced above in the Fall River Superior Court. The case is scheduled for trial on 3-22-11. I am not sure yet whether it will go forward. I will know more when we get closer to the trial date. In anticipation thereof, can you send me your notes regarding this analysis as well as your cv? Let me know if you need a subpoena.

Thanks

Aaron T. Strojny, ADA
